(KEVIN)
I love to fish, I think it's fun!
I think that I love to fish because I think it's fun!
There's lots of fish for you to catch!
I think that fish and I are just a perfect match!

(ASTERIAN)
Fish are swimming in the pond!
And fish are swimming in the place where all the water is!
Won't you come and fish with me?
Let's go to where the fish are in and go to there and catch fish!

(Chorus)
Let's take a boat out on the lake together now with all our friends!
Let's make memories of catching fish with all our friends!
Look! There's a bluegill and a carp and there's a sunshine bass as well!
And a spotted bass and there's another carp over there!

Let's take a boat out on the lake together now with all our friends!
Let's make memories of catching fish with all our friends!
Look! There's a guadalupe bass and there's a hybrid striped bass!
And a black acara and another carp over there!

(YUMA)
I cast my line into the lake!
And maybe I'll catch a fish 'cus there are fish in the lake!
I love the water and the boat!
When I go out on the lake, it's what I love the most!

(AN XIAO)
Fish are swimming in the pond!
And fish are swimming in the place where all the water is!
Won't you come and fish with me?
Let's go to where the fish are in and go to there and catch fish!

(Chorus)
Oh man, I fucking love fishing right here with all my friends
When you're out there fishing with the guys the fun never ends!
Look! There's a blue tilapia and there's an alligator gar!
And a longnose gar and there's another carp over there!

Let's take a boat out on the lake together now with all our friends!
When you're out there fishing with the guys the fun never ends!
Look! There's a bowfin and a carp and there's a walleye and a carp!
And a flathead catfish and another carp over there!
